## **Neschen® presents Artist Premium S, Soft Image and Pro-Poplin.**

Whether it's a simple banner stand, retail sign, or full custom exhibit, Neschen textiles are made for public display. They are lightweight, durable and certified fire retardant. And our exclusive coating technology gives you true color and sharp image reproduction, while retaining the fit and feel of real fabric.

Our Artist Premium S series offers bold color and a smooth look, in front or backlit applications.

Soft Image gives you outdoor durability with wrinkle-free performance. Choose

Pro-Poplin when you need rich color with a soft texture. Neschen has textile media custom fit to your application and your budget.

Available in wide and super-wide sizes for solvent, UV, eco-solvent or dye sublimation inks.
